

Network Systems Integration & Test Engineering Test Engineer Opportunity

Cisco Systems, a truly global company and one of Fortune magazine's "Top 100 Global Companies" for which to work, are now recruiting for an internship leading to a potential permanent position. This is an exceptional opportunity for articulate and ambitious students or graduates to gain experience within one of the most recognised companies in the technology and internet industries.

Do you have a passion for networking?

We are looking for candidates with:

- A practical background in IP networking
- Experience in Cisco IOS configuration knowledge is a must
- CCNA certification is an advantage
- Practical hands-on experience with home and/or PC/UNIX networking
- Experience with Microsoft applications – Excel, Word, PowerPoint, Outlook and web page creation
- Good written and oral communication skills
- A breadth of knowledge and experience with scripting and programming in general.
- Motivation to continue Cisco certification paths from Associate to Professional level or even CCIE

So, if you hold an EU passport and fit the profile then Cisco wants to hear from you!

We will be presenting at your University, please contact your Careers Advisory Service to find out when!

Location: The position is based at Cisco's Reading offices.

Salary: Competitive

Application Deadline: Monday 10th December 2007

To apply: Please send your CV and covering letter explaining your interest in this role, and any previous networking experience giving examples where relevant to nsiteuk-internship@cisco.com, with the subject "Cisco Internship Application". Alternatively hand your CV and covering letter to one of our engineers when we come to visit your University.

An understanding of networking is essential. If your application is successful you will be asked a series of short questions linked to networking prior to being invited to interview. **We urge you to carefully consider if your skill set matches our requirements before applying.**

Note - Late applications, or those without a covering letter and application form will not be considered.
